

Emergency duty by public pharmacies in the Canton of Zurich

(valid from 1st of August 2019)

Issued by the emergency-duty commission of the Canton of Zurich pharmacies on behalf of the Canton of Zurich Society of Pharmacists.

24 hours a day, 365 days a year, the Zurich pharmacies ensure the supply of medication throughout the Canton of Zurich. The principal pillars of the emergency-supply service are the pharmacies on emergency duty and PharmaTaxi. Reliable emergency supplies are assured from three centres in the Canton of Zurich. The costs of the emergency service are shared by all pharmacies in the Canton of Zurich under a principle of solidarity.

The Zurich pharmacies operate ApoFon, a consultation hotline that is available at all times. Your call will be forwarded immediately to a pharmacy on emergency duty.

City of Zurich

PharmaTaxi

Information at www.notfall-apotheken-zh.ch or under 0900 55 35 55 (CHF 1.50 per minute from a landline phone).

The usual practice is for patients, members of their families, or their neighbors to collect medications directly from the pharmacies on emergency duty. It is, however, possible to call PharmaTaxi if the state of the patient is too severe to travel to the pharmacy in person and if the medication is needed urgently. On Sundays, on public holidays and at night, PharmaTaxi delivers medications prescribed by a doctor

free-of-charge to the patient's bed. This, under the condition that the local pharmacy is closed and that a doctor on emergency duty places the order. In such a case, the pharmacies cover the delivery costs.

For deliveries not covered by these conditions, the patient has to contribute towards the costs of running the PharmaTaxi service. The fee is CHF 30.– for deliveries within the cities of Zurich and Winterthur, and CHF 50.– for anywhere else in the Canton of Zurich.
